PREMIUM QUALITY

INDOOR CROQUETTES with FRESH CHICKEN and RICE

Complete pet food for cats

A complete feed, developed for indoor cats that need a controlled diet. Made with the highest-quality chicken, meat rich in high biological value proteins. It helps maintain healthy vision thanks to the Taurine and Vitamin A content. The M.O.S (mannan oligosaccharides) and F.O.S (fructooligosaccharides) act as regulators for intestinal bacterial flora, while the presence of Yucca Schidigera reduces faecal odour. The Omega-3 and Omega-6 essential fatty acids help to keep the fur soft and shiny. It also contains rice, put through an extrusion process, that provides a highly digestible supply of carbohydrates. Excellent for sterilised cats.

COMPOSITION: Cereals (rice 4%), meat and animal derivatives (fresh chicken 4%), oils and fats (salmon oil 1%), fish and fish derivatives, vegetables, Derivatives of vegetable origin (yucca schidigera 0.1%, fructooligosaccharides-FOS-0.05%), minerals, yeasts (mannan oligosaccharides-MOS-0.05%).
