## Rich in cereals, highly digestible, multi-vitaminic

It is a complete special meal, specially studied for the daily diet of adult dogs that carry out normal physical activity. It has a balanced protein and energetic content. It is made using top quality select meats and carbohydrate sources made readily assimilable by how they are cooked. Contains FOS (fructooligosaccharides), which help regulate the intestinal flora, and Yucca Schidigera, which reduces faecal odour. It guarantees the optimal ratio between the fatty acids Omega-3 and Omega-6 for ever younger skin.

### COMPOSITION

Cereals, meats and derivatives, oils and fats, by-products of vegetable origin, (sugar beet pulp), fish and fish-by products, vegetables, Yucca Schidigera, sugars (FOS fructooligosaccharides), vitamins, mineral substances, preservatives, antioxidants and colourants: EEC additives.
