## LITTER FOR CATS SEPIOLITE

**LeChat sepiolite 100% mineral** is a high quality litter, designed to give your cat maximum comfort and hygiene for at least 20 days. It is made from a highly absorbent mineral which immediately captures liquid, naturally preventing the formation of unpleasant odours and impeding bacterial growth. The product's attractive pale colour gives an impression of hygiene and cleanliness. **LeChat sepiolite** is perfect for use indoors, as it does not stick to the cat's paws and leaves no marks on floors or fabrics; it is also non-toxic and safe for all the family. Furthermore, this litter cares for the environment, as its composition is completely natural and free from all chemical additives.

**NATURAL**

**IT DOESN'T  
STICK TO THE  
CAT'S PAWS**

**ODOR STOP**

**ULTRA  
ABSORBENT**

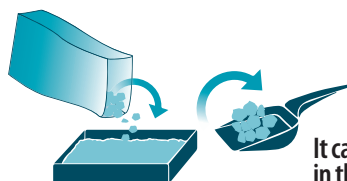

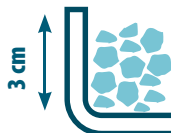

**DUST FREE**

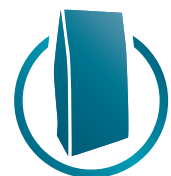

**100% MINERAL**

### INDICATIONS for USE

Pour a layer of approximately 3 cm into the litter tray; for a medium-sized tray (30x40 cm) this will require about 2 kg of product. Remove excrement daily using a shovel and replace the litter completely once a week.

It can be disposed of in the compost.

**10 Liters  
20 days use**
