TUNA

with peas

Monge Natural Superpremium BWild Grain Free Formula Sterilised Cat Tuna with peas is a complete and balanced pet food for adult sterilised cats. Formulated for the well-being of your sterilised cat thanks to the L-Carnitine and DL-Methionine content to help the ideal body weight control. The formulation is characterized by a selection of alternative sources of carbohydrates not derivate from cereals (peas) and high quality ingredients (as Tuna). The recipe is enriched by a synergic complex of prebiotics in mannan-oligosaccharides (MOS) and xylo-oligosaccharide (XOS), which keep the intestinal wellness. The formulation helps to maintain the shiny coat through the inclusion of omega-3 fatty acids. It contains taurine to support the cardiac functions. It is formulated with the inclusion of spiruline and yucca schidigera, for intestinal aroma control. No added dyes and artificial preservatives.

Pack size
1,5kg

**COMPLETE PET FOOD
FOR ADULT STERILISED CAT**

Recommended daily feeding intakes (grams/day)

Weight of adult cat (kg)	3	4	5	6	8
DAILY FEED (grams/day)					
Silhouette thin	46	56	65	73	89
Silhouette ideal	38	46	54	61	74
Silhouette heavy	31	37	43	49	59
