FILLED AND CRUNCHY

ADULT • HAIRBALL
WITH SALMON AND CATNIP

MONGE GIFT HAIRBALL CAT WITH SALMON AND CATNIP is a complementary pet food for adult cats. Specifically developed for the well-being of your cat thanks to an external crunchy layer to support dental hygiene and a soft catnip filling for physiological hairball expulsion. A product formulated without cereals and with salmon to optimise food palatability and digestibility. The formulation is enriched with taurine to support visual acuity and a regular heart function and with vitamins for daily vitality. The inclusion of functional ingredients, such as catnip to support intestinal hairballs expulsion, brewer's yeast to support the body's defense system and salmon oil, a source of omega 3, is the result of Made in Italy research. No added artificial preservatives and sugars.
