STERILISED • CHUNKIES IN JELLY RICH IN COCKEREL

Complete pet food for sterilised cats developed specifically to delight the palate of our 4-legged friends. Chunks in jelly characterized by firm texture and a pleasant aroma typical of roasted chicken. Cockerel, as main ingredient, is a protein source low in fat and cholesterol. It is also an excellent source of Vitamin B complex, Iron, Zinc and Selenium. The specific formulation high in protein and low in fat* helps to maintain the normal body condition score of sterilized cat prone to become overweight or obese. The recipe is also formulated without the use of cereals.
